17th March 2020

Dear all,

BCGA Annual conference

23rd April 2020, Marriott Hotel, Worsley Park, Manchester

CANCELLED

I am sure it will come as no great shock, and that people will understand, but with the background of Coronavirus precautions meaning that many of our members now have strict travel and meeting restrictions in place, I very much regret to announce that we have no choice and must CANCEL our event next month.

It is a great pity, as I am sure we were well-set for another great event, but cancellation is the only responsible course of action.

We are in discussion with our two regular venues, but the outline plan is to move the Marriott event back to 22nd April 2021 and to return to Oulton Hall, Leeds, thereafter – but confirmation on that will follow.

Dependent on how circumstances develop, we may look to arrange a smaller member event later in 2020, but we shall see.

Meantime, delegates to our event next month will receive full refunds, though it may take us some days to do so.

Please also remember to consider any ancillary travel or hotel arrangements you may need to cancel in your own right.

Once again, I apologize that it has to be so and for any inconvenience caused.

Your sincerely

Doug Thornton – Chief Executive
